Note:

This assumes a number of things;

1. There is no repeat election in Kenya.
2. We are not implementing Evolok user management and login in this phase.

What is need;

1. Font license for each domain @ usd $2,300.00 per domain. Total $6,900.00
2. Travel arrangement between Sep 4th 2022 – Sep 18th 2022 for (Daudi Gicheru) – This needs to be approved from MCL though organizer will be Nairobi, charges will be deducted to MCL.
3. Phase 2: User management(portal) integration, this will require a business discussion with Evolok. This will take a month after the business discussion.
